

# **Welcome to Pre-BASIC Biogas Seminar**

Jörgen Held, CEO Renewtec AB

# About the seminar

The seminar is organized within the framework of the Pre-BASIC Biogas project funded by the Swedish Institute

Preparatory work for the build-up of a Baltic Sea Innovation Cluster on Biogas

Project partners:

# About the seminar

65 participants from 11 countries (AUT, DE, DK, FI, IE, IT, LT, NL, NO, PL, and SE)

## Three sessions

- Manure and digestate
- Aquatic substrates
- Biogas upgrading

Lunch buffet and coffee break in the corridor

Exhibitors:

Information about the  
Pre-BASIC Biogas project

# Pre-BASIC Biogas

## **Project period**

1 July 2016 – 31 December 2017

## **Project objective**

The objective is to form a strong consortium and establish a Baltic Sea Innovation Cluster on Biogas (BASIC Biogas) within the framework of the South Baltic Sea Programme. Submission of the South Baltic Sea Programme application is foreseen in Spring or Autumn 2017.

## **Public funding**

Swedish Institute

# Share knowledge, experiences and results through enhanced dissemination

**BIOGAS 2020**

**BIOGASSYS**

**BUCEFALOS**

**BALTIC MANURE**

**WETLANDS, ALGAE, BIOGAS**

**BALTIC BLUE GROWTH**

**LIVELAGOONS**

**SUBMARINER**

**POM-BIOGAS**

**BALTGAS**

# BASIC Biogas

## **Project idea**

Anaerobic digestion of manure and aquatic substrates in combination with digestate utilization as means to mitigate eutrophication

## **Activities**

Technology inventory -> State-of-the-art technology reports

Case studies incl. best practice and lessons learned -> reports

Feasibility studies -> reports

Targeted technology transfer -> seminars incl. study tours

Information material for educational purposes -> folders

# If you are interested...?

We are looking for associated partners to participate in the application to the South Baltic Sea Programme

As an associated partner there is no funding through the South Baltic Sea programme

However, participation gives you a unique platform of information and knowledge as well as a possibility to showcase your own development, products, services etcetera in addition to the network and contact surfaces it brings

# REGATEC 2017

4<sup>th</sup> International Conference on  
Renewable Energy Gas Technology  
[www.regatec.org](http://www.regatec.org)

REGATEC 2017 takes place 22-23 May 2017 in Pacengo (Verona), Italy.

The conference has a technical and industrial focus and is directed towards bio-, electro-, and thermochemical conversion of biomass and waste to biomethane. REGATEC includes plenary and parallel sessions, a poster session, an exhibition and Network Plus (scheduled B2B meetings). The call for posters is open!

**Thank you for your attention!**
